CRITICAL INFORMATION SUMMARY

Description of the service - Broadband

Our Community Broadband offers a fast and reliable fixed wireless broadband service providing a high speed internet connection (wireless DSL). This connection is delivered over our wireless network infrastructure using an innovative technology that has no need of a phone line, or the use of fixed wired services. It is able to offer speeds as fast as, or faster than most ADSL2+ and nbn connections and with lower latency.

The service will be provisioned to deliver a Super Fast service, 25/5 (mean download/upload speeds). This is a theoretical speed which can vary over time. Your speed will be affected by various elements including the load on the network during peak periods, local conditions and your hardware and software. OCB endeavours to provide a service where the mean or average speed will meet or exceed your contracted plan. Due to factors beyond our control, this is not always possible. Mean or average speeds are measured via a dedicated LAN connection to an OCB provided network termination device. OCB takes no responsibility for the wireless connectivity within a building.

Description of the service - VOIP

Our Community Broadband offers to customers who are subscribing to our phone service, a robust VOIP (Voice over internet protocol) phone system solution using the Broadsoft software platform.

Customers can subscribe to a 24 month plan which includes a handset. This is a simple self-install product.

If you require a number to be ported there is a one of charge of \$29.50. Porting can take up to 8 weeks. A shipping cost of \$30.00 will be charged if this service is ordered after an Our Community Broadband installation.

Yealink W52P Cordless handset \$22.00 / mth

Call costs per minute (calls are charged in 1 sec increments)

Local and National calls: 13c Calls to mobiles: 22c Calls to 13 and 1300 numbers: 43c

Availability

Our Community Broadband services are not available in all locations or at all premises. To check availability of the service at your location, please phone us or visit www.ourcommunitybroadband.com and complete the registration form. We will then contact you to confirm if our service is available at your location.

Requirements

To subscribe to a residential plan, the service must be to a residential address. We will need to install a pole on the roof to fix our antenna to. Our installation price includes a pole up to 3m in height. If additional height is required, extra costs are involved which our outlined below.

Minimum term

The minimum term is 24 months, after which the contract is rolling month to month.

Information about pricing

Set up and cancellation charges;

Residential customers have a standard installation fee of \$299.00 for a single story detached residence or \$399 for a double story. We will release you from your contract if you are moving home and we do not offer a service in your new location. If you wish to port your contract to a new property we will offer you a discount of \$100 on a new installation. If you move into a property with an existing OCB installation there is a \$99.00 fee to port your contract and set up your service at the new address. In the event you wish to cancel our service there is an early cancellation fee of \$200.00, or the number of months outstanding on your contract, which-ever is the smallest. 30 days notice is required to cancel your contract.

Monthly Charges

Customers are billed monthly, in advance for their selected plan.

Plan Name	Download / Upload Mean Speed Mbps	Data included/mth	Price/MB	Total min price (12 mths)*	Price per month
Super Fast 100	25/5	100 GB	\$0.0005	\$893.00	\$49.50
Super Fast 200	25/5	200 GB	\$0.0003	\$1133.00	\$69.50
Super Fast 500	25/5	500 GB	\$0.00018	\$1373.00	\$89.50
Super Fast Unlimited	25/5	Unlimited	Unlimited	\$1613.00	\$109.50
Home/Small Business incl Static IP	25/5	400 GB	\$0.00032	\$2093.00	\$129.50

*includes standard installation fee of \$299

Other costs:

Service	Fee	Description
Installation fee Standard Single Storey	\$299.00	A standard installation includes fixing the antenna to an existing pole or providing a pole up to 3m in height. We will then run a cable and power to a single point in the house which you can connect your computer to (usually where the phone line is situated). The installation includes a Router for distributing broadband wirelessly throughout your home.
Double Storey	\$399.00	
Plan change		There is no additional charge to upgrade a plan during a contract term or on a month to month basis. Plans cannot be downgraded during a contract term.

Wireless distribution survey Post Installation	Powerline Pair \$119 Repeater \$109	If the signal from our wireless router does not extend to all areas of your home due to the size or construction of your home you may need to install a wifi repeater or extender. If you are unsatisfied with the wifi distribution in your home please ask the technician to conduct a wifi survey of your home and recommend a solution. The technician will have the following items available to install on the day. Prices include parts & labour at the point of installation. If you request a technical visit post installation there will be an additional \$99 charge.
Higher pole required	Various	3-6 m pole – Extra \$200.00 Note: It is the customer's responsibility to check and gain permission for a tall mast if a permit is required.
4G failover	Option on Home/Small business plan	\$33.00 / mth. Only available on Home/Small business plan and in areas covered by Telstra 4G network
Extra/ hidden cabling	Request Quote	Our technician will cable from the best spot on the roof to receive a signal, down the outside of the house, through the wall to a faceplate. They will endeavour to hide the cable where possible (using conduit or hiding behind a drain pipe). Should you require more extensive or hidden cabling, please request a quote when you book your installation.
Technician Callout	\$99.00	If you are having problems with your service that we are unable to diagnose remotely and a technician is sent, please note that if the reason for the fault is due to customer error you will be charged a \$99.00 call out fee.

Track your usage

We will send you an email to advise when you are approaching 50%, 85% and 100% of your monthly plan.

Data Usage

Your data usage is calculated using your up loads and down loads. If you use more than your plan quota, your service will automatically bump you up to the next plan level and charge you \$20.00. If you continue to go over the GB limit for subsequent plans you will continue to bump up to the next plan and be charged \$20.00 for each level.

Customer Support

If you require assistance with your service, please contact us on (07) 5322 5380 or email us at support@ourcommunitybroadband.com.au

Complaints resolution

If you are not satisfied with the outcome of your customer support request and wish to make a complaint, please email us at info@ourcommunitybroadband.com.au. For more information, please refer to our complaints handling policy online.

If you are still unsatisfied with the resolution of your complaint, you may contact the TIO (Telecommunications Industry Ombudsman). They can be contacted by phone on 1800 062 058 or online at www.tio.com.au/making-a-complaint.
